

**Madrid, 21 February 2017**

**Title of Project:** Strengthening the capacity of Egyptian Regulatory Reform and Development Activity (ERRADA) functions in the Government

**Country:** Egypt

**EC Contract N°:** Framework Contract Beneficiaries Lot N° 10

**Specific Contract** 2014/352917/1

## **PROJECT IMPLEMENTATION CERTIFICATE**

To Whom It May Concern,

This is to confirm that Mr Kees Jonkheer was employed by our company as a **Key Expert II – Regulatory impact assessment** on the project *Strengthening the capacity of Egyptian Regulatory Reform and Development Activity (ERRADA) functions in the Government* in Egypt from January/2015 – August/2015 (**55 working days**). The project was financed from the SAAP IV (Support to the Implementation of the Action Plan and Association Agreement Programme) envelope, and the key expert worked in close collaboration with ERRADA, SAAP/PAO and the EU Delegation staff during the whole duration of the assignment. His tasks involved the assessment and provision of solutions related to regulatory impact assessment. More specifically, he carried out the following activities:

- Reviewed and analyzed the RIA guide of ERRADA,
- Conducted two studies defined by ERRADA in order to train the staff
- Contributed to drafting the concept note on institutionalization of ERRADA.
- Reviewed the functional and technical design of the e-Registry of ERRADA.

The project was successfully completed and Mr Jonkheer delivered high quality results during his deployment.

Yours sincerely,

**Tristan Goldthorpe**

Project Manager, AECOM
